

TOWN OF MELBOURNE BEACH

Adopt-An-Area

Agreement

THANK YOU FOR PARTICIPATING!

The Adopt-An-Area program was created with guidance from the Environmental Advisory Board to assist with beautifying our special community green spaces by utilizing sustainable practices.

By now, you've met with a program representative, registered your area through Town Hall, and are ready to put on your garden gloves!

ADOPT-AN-AREA GUIDELINES:

1. Please regularly maintain your adopted area including trash removal, weeding and trimming.
2. Use organic compost if fertilizing, and never apply if rain is in the forecast.
3. Honor the county-wide summer fertilizer ban in effect June 1 - September 30.
4. Any plants added to your area must be Florida natives, and pre-approved by the Town.
5. If you can no longer maintain your area, or need a temporary 'garden sitter,' please contact your Adopt-An-Area representative.

CONGRATULATIONS!

Enjoy your beautification project and thank you for making a positive difference in our community.
